

NAVAL BASE KITSAP ENVIRONMENTAL POLICY

We are proud of our environmental stewardship and are committed to operating in an environmentally responsible manner where national defense and environmental protection are, and must be, compatible goals.

Our vision is to be recognized as an environmentally friendly neighbor, actively engaged in community outreach, resource conservation and pollution prevention while effectively executing the Navy mission. With integrated support from tenant commands, our policies and decisions aim to instill a culture of environmental stewardship and continual improvement.

We are committed to comply with all applicable legal and other requirements which relate to our environmental aspects and impacts. When executing the Navy mission, the Chain of Command will support the attainment of environmental objectives and targets. We are also committed to:

- Continual Improvement
- Awareness
- Resource Conservation
- Environmental Compliance

R. G. Rhinehart
Captain, U. S. Navy
Commanding Officer, Naval Base Kitsap

I support Naval Base Kitsap's environmental policy as the driver for implementing and improving the Environmental Management System so all functions and organizations can maintain environmental compliance, improve environmental quality, and achieve pollution prevention goals.

C. S. Gray
Rear Admiral, U. S. Navy
Commander, Navy Region Northwest
